

Kirill Tushin

Data Scientist

Moscow | +79017928003 | kirya.tushin1@yandex.ru
github.com/KirillTushin/ vk.com/id265014735

Work experience

Junior Researcher 07-2019 - Present
[IPavlov](#)
Data Scientist

Junior Developer 05-2018 - 06-2019
[IPavlov](#)
Junior Data Scientist.

Education

Bachelor 09-2015 - 07-2019
[MIPT](#)
Applied mathematics and physics

Achievements

1. Kaggle

<https://www.kaggle.com/neibyr>

Kaggle Competitions Expert

My rating of the participant of competitions is 517 from more than 100000 participants

1.1 [TrackML Particle Tracking Challenge 32/651 \(top 5%, silver medal\)](#)

High Energy Physics particle tracking in CERN detectors

1.2 [iMaterialist \(Fashion\) 2019 at FGVC6 48/241 \(top 20%, silver medal\)](#)

Fine-grained segmentation task for fashion and apparel

1.3 [Humpback Whale Identification 174/2129 \(top 9%, bronze medal\)](#)

Can you identify a whale by its tail?

1.4 [TGS Salt Identification Challenge 296/3229 \(top 10 %, bronze medal\)](#)

Segment salt deposits beneath the Earth's surface

1.5 [Santander Customer Transaction Prediction 616/8802 \(top 7%, bronze medal\)](#)

2. Hackathons

2.1 Vision Hackathon - 2nd place - 2017

The task was to develop an algorithm for recognizing the main elements on road when driving a car from the data of the DVR.

2.2 Kaspersky Hackathon - 3rd place - 2017

The task was to determine the time, when hacker starts the attack, by using only time series data.

Skills

English

Upper Intermediate

Machine Learning

Python

NLP

CV

2.3 Photolab Hackathon - 1st place - 2018

The task was to create an interactive platform for the 2018 FIFA World Cup.

2.4 Phystech Genesis Hackathon - 1st place - 2019

The task was to find the differences in the photos taken at different times of the day in the same places without special equipment.
